### **Mental Health & Psychosocial Services (MHPSS) Remote Team Coordinator (Field or Remote)**

#### **OVERVIEW:**

Advocates Abroad is accepting applications for the position of Remote MHPSS Team Coordinator.

This team is comprised of an international network of psychologists, trauma therapists, and other medical and trauma care providers, both remotely and field based with teams in Greece, Italy, Turkey. Advocates on this team assess and assist asylum seeker clients in preparation for asylum interviews and appeals. These assessments are remote (over Skype or phone) or on site with the field team.

These Advocates also provide crisis intervention services, such as suicide prevention, for refugees, asylum seekers, and others in need. These Advocates further provide general mental health and trauma support to Advocates Abroad teams and the general community.

#### **COMMITMENT & DURATION:**

- The position requires active service for minimum 15 hours per week.
- The duration of the position is six months, with a possibility to extend.
- Training is provided

#### **QUALIFICATIONS:**

- Fluency in English, with fluency in Farsi, Arabic, and French highly desirable.
- Demonstrated experience and commitment toward refugee and asylum seeker aid is mandatory, particularly in the European Union.
- Integrity, cultural sensitivity, and ability to maintain confidentiality is mandatory.
- Degree and license in relevant field, such as nursing, social work, psychology, or trauma therapy.

### **Want to Apply?**
